15th May 2019

Dear Parents,

On the 21st May, Year 5 will be having an 'Innovate' day to round off their topic of Peasants, Princes and Pestilence.

Throughout the day, the children will be undertaking a mini project based on their terms learning. This will be a totally independent activity, not teacher led, and see them showcasing their amazing projects at the end of the day to the rest of the class.

As with other topics throughout the year, we would love the children to totally immerse themselves with this activity, and if they would like to, would love them to dress up in a relevant costume.

We thank you for your support with this and can't wait to see some of the spectacular outfits.

Yours sincerely

Ms Marks Mr Arrandale
